STAN STEPHENS
GOVERNOR

I am happy to be a part of introducing you to the Montana Consumer Products Buyers Directory. It serves as a valuable resource of products available from Montana's manufacturing community. From pencils to log homes, from fine art to computer supplies, from leather goods to delicate sapphires, Montana-made products are proudly displayed worldwide.

Montana has established trade offices in Tokyo and Kumamoto, Japan, and in Canada, as well as a showroom in Taipei, Taiwan, Republic of China. Montana's expansion into these international arenas makes the state a vital and viable force in the international marketplace.

Persons and firms interested in Montana business activity will find this product directory a sampler of the unique items and services available from the Big Sky Country.

If you wish further information about Montana products, please call my office or the Montana Department of Commerce.

Sincerely,

A handwritten signature in cursive ink that reads "Stan Stephens".

This edition of the MONTANA CONSUMER PRODUCTS BUYERS DIRECTORY marks proud testimony to the efforts of this State to diversify its economic base and add value to some of Montana's abundant raw materials.

In order to gain greater economic self sufficiency, Montana based manufacturers and craftspersons are aggressively pursuing national and international markets for their products. As a result of these efforts, Montana-made products are becoming recognized throughout the world for their quality and craftsmanship.

As Montanans we are proud of our State. This latest edition of the Products Directory is also a reflection of our pride in the fine products produced here. We appreciate your support in making Montana-made products a success in today's marketplace.

Sincerely,

A handwritten signature of Charles A. Brooke.

前 言

我們很榮幸有此機會呈現給您這本蒙大拿州製造廠商產品名錄，它將介紹給您所有生產自蒙大拿州各種優良之產品。

蒙大拿州享有穹蒼之州的美譽，位於美國西北部，鄰近加拿大，是全美第四大州。擁有豐富的天然資源，農林礦牧業非常發達，加上州內優異的教育環境及高生產力的勞工等利因，使得蒙州的產品具有行銷各地之競爭力。

蒙州人民得天獨厚，得以工作在一個同時也是最佳渡假勝地之地區。從北方的冰河國家公園到南方的黃石國家公園，四季分明的景色，不但當地居民所引以為傲且吸引了每年四、五百萬的遊客。

我們相信您在蒙大拿州必能找到您所期待一不論是商業上或觀光上的收穫！蒙大拿州台北商務辦事處位於台北世界貿易中心七樓，我們很樂意隨時提供您各項服務！

Turn waste Into extra \$\$\$

Rawlings Rotary Hogs process a wide variety of waste materials. Hog material is most often used as fuel. There are many other end product possibilities including landscaping applications and reduction for landfill disposal.

The Rawlings Top Feed Rotary Hog easily processes stringy barks (Cedar, Poplar, Red wood), large log chunks, log pads, railroad ties, demo debris, rock contaminated log yard residues and other bulky waste.

Rawlings Horizontal Rotary Hogs are particularly suited for processing long trimmings, flat surface materials, veneer waste, slab wood, bark trim ends, pallets and demo debris.

Both the Rawlings Top Feed and Horizontal models are available in various sizes to meet almost any processing need.

Fishing At Its Best

With A

"SHUR-SPEED" Troll-O-Meter!

Why use one? Because lures sink deeper at slow speeds and tail out directly behind the boat at high speed. When an angler finds the depth at which the fish are feeding and gets a strike, he is able to duplicate the exact speed the boat was going. Wind and current also affect a boat's speed--duplicating the desired pace is much easier with the meter.

The movement of the boat influences the rod, which is in the water, to record the speed on the dial anchored to the side of the boat.

The meter is simple to mount. It just slips into an oar lock or, for larger boats, an adapter and extension rod are available.

Order one today and see why our many meter users attest to its reliability and better fishing. For more information or orders:

Don Westfall
266 Mid Burnt Fork Road
Stevensville, MT 59870
Telephone: 406-777-3117

Meter \$29.95 plus \$4.50 shipping & handling.
Adapter and extension rod, if needed, \$2.00.
